NETRISE
INDUSTRIAL NETWORKS

914-819-0957 | info@netriseind.com | netriseind.com | New York HQ

Cable to cloud. Coast to coast.

Netrise Industrial Networks designs, builds and supports critical infrastructure, from AI factories and hyperscale datacenters to fiber, security, AV and private 5G. Layer 1 through Layer 3, one accountable team.

200+ technicians	**50 states** active U.S. coverage, with resident team leads in 18	**7 countries** North America, Europe & Asia	**150+ branches** refreshed in 19 batches for a national bank	**24 hrs** from approval to deployment

SERVICE CAPABILITIES

ONE TEAM · ONE STANDARD

AI Factories & Hyperscale Datacenters

GPU clusters and AI-ready halls for training and inference, plus enterprise, colo and Tier 1–4 sites to ANSI/TIA-942.

TRADITIONAL DC	AI FACTORY
5–15 kW · air cooled · 10/40G	40–130+ kW racks · liquid & direct-to-chip cooling · 400G/800G GPU fabrics · high-count MPO fiber

Modular & Edge AI

Prefab racks staged and tested offsite, containerized AI pods, legacy halls retrofit for AI.

Network Infrastructure

Copper, fiber, electrical and conduit; switches, routers, firewalls, APs.

National Rollouts

Every branch, store and plant on one standard, signed off site by site.

Network Services

Managed services, 24/7 help desk, cloud, wireless, IDS and IT cost audits.

Design Surveys

AI-assisted wired and wireless surveys before a cable is pulled.

Security & Access

IP video, biometric and mobile access, intrusion, one platform.

AV & Interactive Rooms

Teams, Zoom and Webex rooms; Crestron, Extron, QSC; signage.

Private Cellular (5G)

ONYX private LTE/5G mesh: 2+ miles of coverage, no wired backhaul.

HOW EVERY PROJECT RUNS

01	02	03	04	05
Survey	**Quote**	**Deploy**	**Certify**	**Support**
Map the site and risks.	Scoped fast, backed by QUINN.	Crews in 24 hours.	Every port to ANSI/TIA.	As-builts and managed support.

CERTIFIED IN YOUR TECH STACK

CommScope / Systimax · Corning · Panduit · Leviton · Cisco CCNA / CCNP · NVIDIA NCP-AI Infrastructure · HPE Aruba · Extreme Networks · Ekahau ECSE · OSHA 10 · OSHA 1910.146 · ANSI/TIA-568 · 569 · 606 · 942 · BICSI TDMM · NEC / NFPA 70

INDUSTRIES & SUCCESS STORIES

Healthcare	Mass General Brigham
Sports & entertainment	New York Mets
Auto dealerships	Porsche
Financial services	Fiserv
Air & rail	Brightline
Supermarkets	DeCicco & Sons
Manufacturing	GAF
Warehousing & logistics	SATCO

Also: AI & hyperscale datacenters, education, hospitality, commercial, professional and industrial mining.

GAF · 26+ FACILITIES · 16+ STATES

Zero disruptions on live production floors

IT/OT networks across GAF plants, with 20+ live cutovers and a five-color OT cabling standard.

DECICCO & SONS · 24 YEARS

11 stores, zero hours of POS downtime

120,000 ft of CAT6 and a full Microsoft Azure migration with checkout running through every cutover.

AI-READY, SLAB TO GPU

HYPERSCALE STACK

05	**Commissioning**	Certified before GPUs go live
04	**GPU fabric**	400G/800G InfiniBand & Ethernet
03	**Fiber backbone**	MPO/MTP trunks, fully tested
02	**Cooling**	Liquid, direct-to-chip, rear-door
01	**Power**	Busway, PDUs, UPS for 130+ kW

One team across every layer, so capacity lands on schedule.
